Remember Me

If I should leave for Home, some unexpected day...

Please do not be too sad, nor grieve too long ...

Say, instead, "She loved us, she believed in us,

She was proud of us!"

Do not forget me! No!

Remember Me!

Remember the things I loved.

The things I believed in, the things I laughed at

But remember me. Be Happy!

Take up your busy days of love,

And walk in confidence and faith

Along YOUR life's road and someday

In God's own time, I'll be seeing you!
