Angel Dance

There is a noise in Heaven
A happy, joyful sound
Heard as the feet of children
Are set to dancing all around
They are being taught by angels
No time for sadness there
Keeping step with music
As it rises in the air
A new song they hear playing
It banishes all pain
And sets their feet to dancing
None are sick or lame
With new unhindered cadence
Their eyes are shining bright
They are dancing with the angels
In the glory of Heaven's light
