“ Mom I will always remember your sense of humor and the way you always made a bad situation funny. Like the time me and Chris were riding a horse, and I accidentally touched its flanks, and it bucked me off, I was fine until Chris landed on me and I'll never forget you running out of the house when you heard me scream at the same time you were trying to put your shirt on and hopping a fence to make sure we were okay. It always brings a laugh and smile when I think about it. I miss you mom, love you very much.

“ My mom was unique, stern and loving. She raised four daughters that, I would like to think turned out pretty good. We all have a little bit of her in us. I think she blessed me when she gave me a little bit of her stubbornness, her ability to love and how she tries to be fair with everyone. I want to thank her for guiding me through this world with love, laughter and strength you also, gave to me the willpower to overcome obstacles and the tools to navigate through my own ups and downs you showed me in your own way just how much you love me. Mom, I will always carry you in my heart.
I love you

“ We met Dotty when we moved to Henderson during Covid. Dotty told us that she was praying for a Christian couple to move into the home across the street. We churches began opening up, Dotty asked if she and Rudy to go with us to church. We did many times. Dotty loved the music in church and she loved her Lord and Savior, Jesus Christ. We had competitive game nights with girls against the guys. Dotty is now in her heavenly home with no pain or suffering.
Love you Dotty! Gary and Betsy

My grandmother and I. This was the last but most heartfelt day I had with my grandmother. God rest her soul. As I got older in my life I was able to spend a lot more time with her and I came to find out that we both share so many traits, it's uncanny. Grandma was funny as all he'll and cracked jokes on me that I couldn't believe came out of her mind. I should of spent as more time with her when I was younger. I would spend every Thanksgiving or Christmas with her over the last 10 years. Grandma is a gifted women. Her talent in crafts truly amazes me. She is really good and had a passion I'd never seen before. She was funny and I always made me smile as soon as I would walk through her door. She was a very straight forward person and would say what was on her mind no matter what. She did not hold any punches back. That's what I respected the most from her. Im so thankful that I did get to grow closer to you as I got older!!! Im going to miss you very much. But I know grandpa is dancing with you right know and your home where your heart belongs and soul belongs! I love you Gandma!!!! Grandma could not cook at all lol but she made every Thanksgiving the most meaningful by showing me and my children that no matter how much we might get along or not get along with our family,.... that we were still family and we needed to cherish the time we have with each other because tomorrow is never promised!! I cherished every Thanksgiving and Christmas we spent together!! I love you Grandma and I will always love you!! May you rest in peace!! Ill see you in our next life. God bless your soul. Goodbye Grandma!!!! Your grandson David
