“ Just wanted to let you know that I visit Martha's grave and place flowers because I know her daughter lives in Arizona, and because I miss her so much. The fun we had driving around Vegas after work on Fridays. The shopping and lunches we shared. Talking her out cleaning out the storage unit she paid on for years with an old Christmas tree and a few boxes about a year before her passing. The cruise we planned but never took because she started to get sick. I think about Ms. King, that's what I called her even tho she hated it. Love you MS.KING! You are missed so much.
